

10 Reasons to Choose 3Play Media

Get started at: www.3playmedia.com/get-started-with-3play-media/

1

QUALITY

We guarantee 99% accuracy, with a measured accuracy rate of 99.6%.

"Quality is the first word that comes to mind when thinking of your company."

2

EASE OF USE

Our sleek online account system makes it easy to order, download, and organize your files.

"Very easy to use and simple interface."

3

CUSTOMER SERVICE

We provide individualized, responsive support to every customer and create thorough documentation for all processes.

"My favorite thing about 3Play is the level of client service and engagement."

4

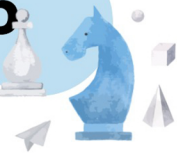

DEPENDABILITY

We guarantee quality, consistency, and deliverability without exception.

"3Play is a dependable and affordable solution for our accessibility needs."

5

SPEED

We provide flexible turnaround options (as fast as 2 hours) to make sure you get your captions back before your deadlines.

"The fast turnaround times are really awesome. You always beat your estimate."

6

PRICE

We combine speech technology with human editors to provide high quality captions at a low price point.

"Responsive, accurate, and cost-effective."

7

WORKFLOW AUTOMATION

We offer dozens of out-of-the-box integrations with video platforms and lecture capture systems, as well as a robust API, to automate your workflow.

"3Play's integrations with [video streaming platforms] makes ordering a breeze."

8

INNOVATION

We constantly commit to advancing our services and building new products that simplify workflows and enhance viewing experiences.

"3Play is innovative and they hire rock stars."

9

SCALABILITY

We can process large quantities of video at a time without sacrificing our industry-leading accuracy and deadline compliance.

"The most options available on the market."

10

THOUGHT LEADERSHIP

We provide hundreds of free, educational resources on accessibility best practices to keep our customers up to date on industry trends.

"My favorite thing is that 3Play provides free resources which cover all accessibility topics (not just captioning)."
